

# Oh Snap!

## Weekly snapshot from Mrs. Tellez

### March 30 - April 3, 2020

---

Dear Families,

This past week has been a whirlwind. I hope you are finding time to get settled and safe at home, spend time with your family, and dedicate some time to grow your brains! I have been at home teaching kindergarten to Alex, preschool to Natalie, cleaning my house, and trying to catch up on laundry. But the one thing that is on my mind constantly, is how much I miss my students, our classroom community, and the learning that we do together.

I hope that we can stay connected during this time. Here are some ways we can!

- Visit Lakeridge's website page and click the Home Learning Tab. It will be updated weekly with a message from me and some engaging activities and challenges to try.
- Tell me about your day! Email me letters or questions. I'd love to hear about your day and support with any questions you have.
- Class Dojo! Feel free to message with any questions, ideas, or pictures of your learning.

I look forward to staying in touch virtually. Please remember I am happy to answer any questions. I hope to hear from you soon!

Sincerely,

Mrs. Tellez

Laying in my hammock with a book, while Alex and Natalie jump on the trampoline.

Alex and Natalie "Helping" me make banana bread.
