Dear Families,

This past week has been a whirlwind. I hope you are finding time to explore interests, get curious, grow your brains and relax. This past week, I have been learning how to be a homeschool teacher to my 4th grade daughter and finding ways to get fresh air with all that beautiful sun we have been having.

I have missed our classroom joy, laughter, and learning, and I hope that we can stay connected during this time. Here are some ways we can!

- Visit Lakeridge's website page and click the **In-Home Learning Tab**. It will be updated weekly with a message from me and some engaging activities and challenges to try.
- Tell me about your day! **Email me** letters or questions. I'd love to hear about your day and support with any questions you have.
- **Class Dojo!** Feel free to message with any questions, ideas, or pictures of your learning.

I look forward to exploring virtual connection with you all and let's stay and touch. I miss you all so much!

Sincerely,

Ms. Mitchell
