**We respectfully acknowledge that the land we are on is the
unceded ancestral lands of the Duwamish, Coast Salish and
Stillaguamish people who have lived here since time
immemorial and still are present in our communities.**

DUWAMISH LAND ACKNOWLEDGEMENT

Publicly practicing land acknowledgments helps to recognize the history of colonialism and the need for change and is also important and relevant in the race equity work we are involved in for our communities.

Living Meeting Norms & Expectations

INTRODUCE YOURSELF

Lakeridge family

I truly wish we were all in the same room—breaking bread together and kicking off our family connections for this school year... I think it'd be fun as we introduce ourselves, if we share:

- what's your **favorite potluck meal/dish and why?!**
- Your **name, your student/s' name & grade/s**

RENTON SCHOOL DISTRICT - Family & Community Engagement Vision

We believe family engagement has a positive effect on student achievement and supports the District mission that each student graduates with options and is prepared to fully participate in our democracy.

We will know we have achieved authentic family engagement when students and families feel their cultures are valued and when all families experience trusting and respectful relationships, meaningful communication, and collaborative partnerships.

Trusting relationships | Family & school culture

Meaningful communication | Collaborative partnerships

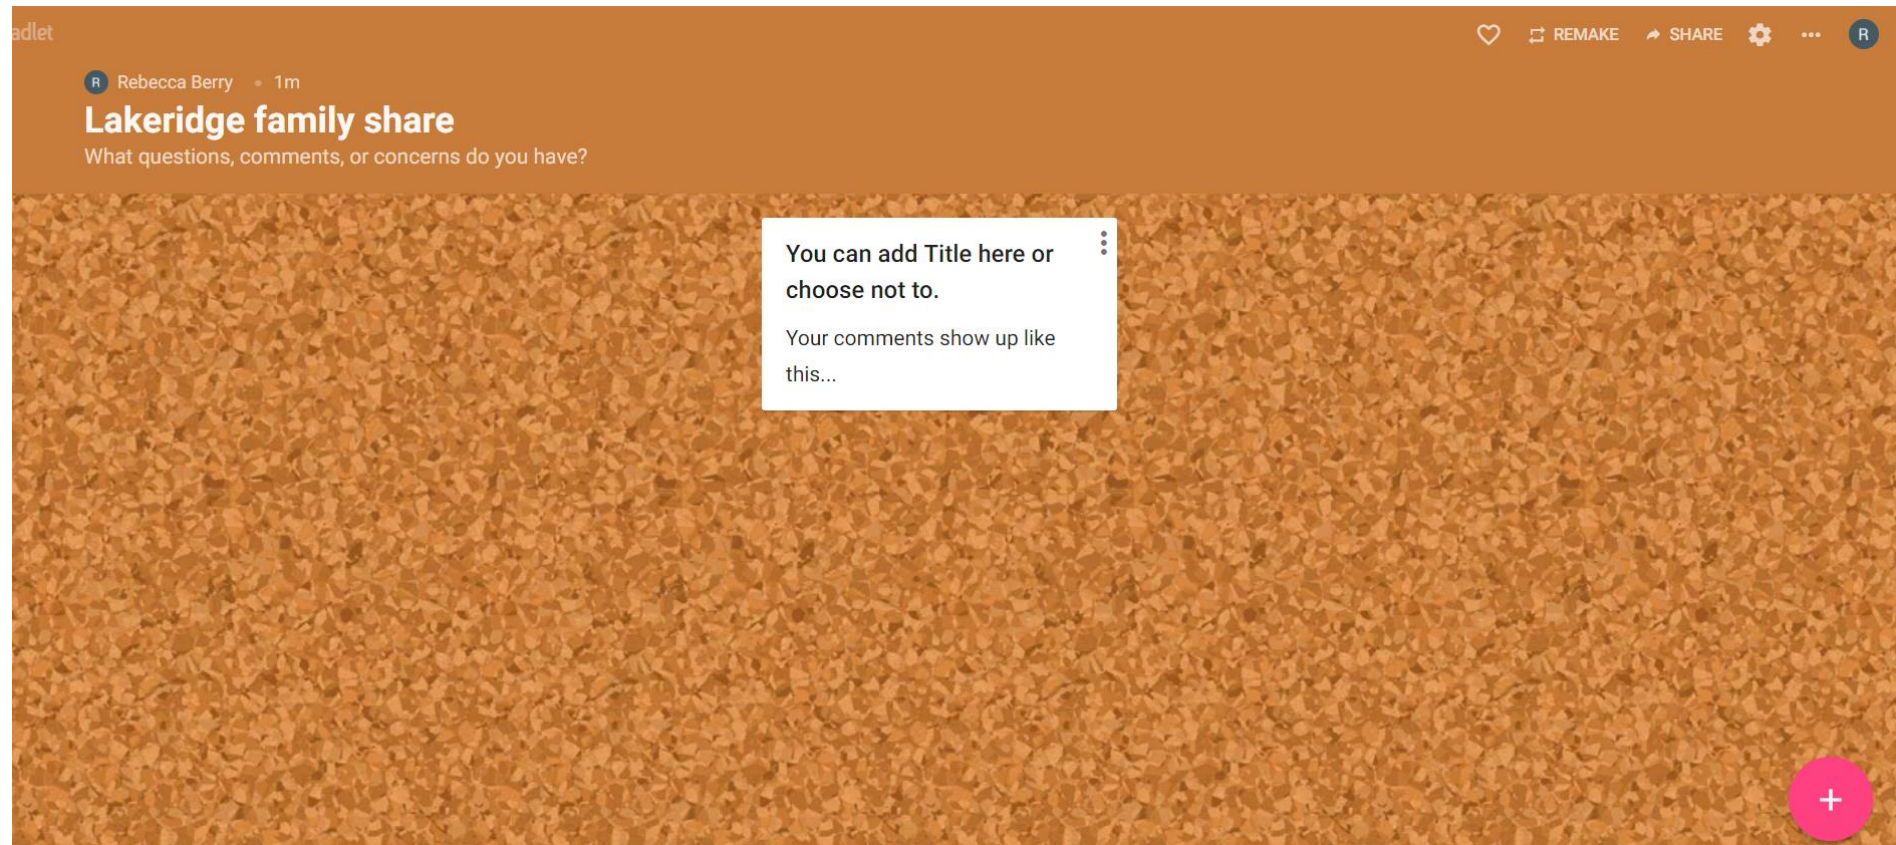

What is *Family and Community Engagement*?

How do *we* want that to look in our Lakeridge community?

WE'D LIKE TO HEAR FROM YOU!

WHAT QUESTION/S DID YOU COME WITH, WHAT NEW QUESTIONS DO YOU HAVE?

Creating Unity

Each family has their own practices, rules and expectations leading to a variety of conversations about safe, responsible use of the Chromebook:

What are your expectations and experiences with virtual learning taking place inside our homes?
