Dear Students and Families,

I hope you are settled and safe at home, spending time with your family, and also finding new ways to grow your brains! These past two weeks I started to read a new book, have done yoga and breathing strategies daily, walked my dog a lot in the sunshine, and baked cookies! These two weeks apart have also reminded me just how much I appreciate our classroom and school family.

I miss our classroom joy, laughter, and learning. It is important to me that we can stay connected during this time. Here are some ways we can!

- Visit Lakeridge's website page and click the In-Home Learning Tab. It will be updated weekly with a message from me and some engaging activities and challenges to try.
- Tell me about your day! Email me with letters, questions, or pictures of what you are up to. I'd love to hear about your day and support with any questions you have.
- Class Dojo! Feel free to message with any questions, ideas, or pictures of your learning.

I look forward to exploring virtual connection with you all and let's stay and touch.

Sincerely,

Ms. Brells
