Dear Families,

As we close out the third week of staying at home, remember to take care of yourselves while also taking care of your families. We are taking lots of walks, reading books and watching movies and TV shows while staying at home. This is of course on top of creating new lessons for our students.

- We hope that you are enjoying the activities that we created for you. We will change these out every Friday.
- Remember that next week is officially Spring Break, so next Friday there will not be new lessons on the website.

We hope that your family is doing ok during this time and that we will be able to see our students in the near future.

Sincerely,

Ms. Schumann and Ms. Isaq
